AFTRS

Fast-Track Your Career
in Radio and Podcasting

The Australian Film Television and Radio School (AFTRS) is the national screen and broadcast school. The school was founded to nurture and develop talent from all across Australia. It is a global centre for excellence in screen and broadcast storytelling.

Our Graduate Diploma in Radio is designed specifically to meet the needs of the Australian radio and podcast industry and is firmly based in practical craft development. Our radio alumni have won and been nominated for a slew of awards, including Australian Commercial Radio Awards, Australian Podcast Awards and World Radio Awards at the New York Festival.

Want a career in radio or podcasting?

Study at AFTRS and discover how to create compelling content for radio and digital platforms. Learn industry software and develop your skills in state-of-the-art studios and build key contacts as you work alongside industry professionals. We offer everything from short courses to our flagship Graduate Diploma in Radio. Emerge with highly sought-after broadcasting skills and a network of industry contacts.

“The radio students AFTRS develops and produces invariably find employment in commercial radio across the country and many have gone on to win prestigious radio awards. AFTRS has an unsurpassed record of achievement with one of the highest industry employment rates of any course either in or outside of media and communications anywhere in Australia. We consider AFTRS to be one of the best radio schools not only in Australia, but globally.”

Joan Warner, CEO
Commercial Radio Australia

Graduate Diploma in Radio

06

The Graduate Diploma in Radio produces creative radio professionals and podcasters who will help shape the future of the Australian broadcast industry. The course is delivered in a challenging but supportive learning environment that will prepare students for future roles in radio and podcasting multi-platform broadcasting.

Live broadcasts and real-world exposure

During the course you will collaborate to produce four major live broadcasts. You will have the opportunity to experiment with a variety of formats. You will develop advanced craft practices in announcing, audio production, program producing, writing, news, voiceover, music directing, online and digital content, podcasting, marketing and integration.

Your learning will also extend beyond the school environment. You'll visit commercial, ABC and SBS radio stations and undertake work attachments. Professionals from all radio sectors take part in course instruction, passing on their knowledge and experience.

Graduate with future-ready skills

The essential elements of great broadcasting are communication, storytelling and knowing your audience. This course will teach you how to achieve the best possible standards in broadcast and podcasting develop your confidence in your own creative ability.

Career opportunities

AFTRS' Graduate Diploma in Radio is designed specifically to meet the needs of the Australian radio and podcast industry and is firmly based in practical craft development. The course is structured around analysis of broadcast, podcast, online and multi-platform theory. You will learn about current practices and future trends, and graduate qualified to work in radio and podcasting.

Choose full-time or part-time delivery

In 2020 the Graduate Diploma in Radio is offered either as a one-year, full-time course, or part-time over two years so you can continue working while you study. For the part-time course, you will be required on campus in the evening and on weekends on a fortnightly basis, and to attend some week-long blocks. For more details visit the AFTRS website or contact AFTRS Radio at radio@aftrs.edu.au.

“After experiencing both the process of applying for jobs and now working in radio, I’ve realised how everything we did in our classes, assignments and broadcasts was mirrored directly from the industry. There is absolutely no comparison to the networks and exposure I received through both the excursions to radio stations and having industry professionals come into the School.”

Podcasting Fundamentals: Online

Learn how to create your own podcasts with practical advice from experts. This six-week course includes online video-chat sessions, audio recordings, readings and class exercises. You will learn about quality sound recording, required software and hardware, basic audio editing, podcast genres and structure, how to develop content ideas and strategies to further your brand.

<u>Dates</u>	Visit the AFTRS website
<u>Duration</u>	6 weeks, Tuesdays 6.30-8pm
<u>Location</u>	100% online, with a weekly 90-minute video chat
<u>Cost</u>	Visit the AFTRS website
<u>Age</u>	18+

Industry Certificate: Radio Producer

This twelve week, part-time course – delivered almost entirely online – is designed to prepare students for a career as a producer in the commercial, public or community radio sectors. With a shortage of skilled producers in Australia, this first course of its kind in Australia will give you the necessary competencies to work towards a producing job in radio and stand out from other candidates.

The course focusses on developing the practical skills a producer needs to work with on-air talent, callers and guests and to produce content, whilst developing their knowledge of the business of radio, including codes and compliances and audience sectors.

Taught by Nic McClure, an Executive Producer with over 24 years of experience, the course will also feature a number of industry guests.
