Pariya Taherzadeh Scholarship

AFTRS Graduate Diploma in Radio

Purpose

The purpose of this scholarship is to expand and enrich the school's student community by recognising and supporting an outstanding Graduate Diploma in Radio & Podcasting student, selected on the basis of creative excellence from eligible students experiencing hardship.

Hardship refers to adverse situations or experiences that cause difficulty or suffering. Hardship experienced by individuals may result from a variety of circumstances. AFTRS encourages and welcomes applicants with backgrounds including but not limited to refugee status, culturally and linguistically diverse, gender identity, disability and socio-economic status.

The AFTRS/Pariya Taherzadeh Radio & Podcasting Scholarship for the Graduate Diploma in Radio & Podcasting is awarded to support and develop the career of the recipient, providing one student with a maximum \$20,000 scholarship or two students with a maximum of \$10,000 scholarships and an optional unpaid internship at talent@pariya throughout the study year.

The scholarship is intended to support students by providing a contribution to a living allowance or towards relocation costs, study resources and other costs. One \$20,000 scholarship or two \$10,000 scholarships may be offered in 2023 to Graduate Diploma in Radio & Podcasting students after consideration by the selection committee. The recipient/s cannot defer the commencement of the scholarship.

Payments

The scholarship is made available by Pariya Taherzadeh who graduated from AFTRS Graduate Diploma in Radio & Podcasting in 2018. The 2023 scholarship is valued at a maximum of \$20,000 to be paid in full to one recipient or split equally into two \$10,000 scholarships for two recipients following the applicable census date.

Assessment of applications

The scholarship is intended to recognise both hardship and creative excellence, and applications will be assessed on those grounds.

AFTRS will determine creative excellence on the basis of the selection process applied to all Graduate Diploma in Radio & Podcasting applicants.

The committee will take into consideration the personal statement provided by the applicant in regards to their background. Applicants are asked to self-identify when making an application, but may be required to supply documentation on request.

A maximum of two scholarships are available, competitively determined on consideration of the application ranking of candidates who fulfill the eligibility criteria. AFTRS and Pariya Taherzadeh will determine which, if any, applicant will be awarded the scholarship/s. If the decision is tied between two students the full \$20,000 scholarship may be shared equally between two applicants. AFTRS' decision is final and no correspondence about decisions will be entered into. Successful applicants will be told of any conditions of the scholarship.

All applications will be treated confidentially.
