

# FEEES SCHHED UULE

2023  
Fees Schedule for  
Domestic and  
Overseas Students

# Introduction

This document provides a summary of all higher education fees and associated information (study periods, census dates, credit points and EFTSL values) for subjects undertaken in courses of study at AFTRS in 2023. This document includes information relating to domestic students and overseas students.

## Tuition Fees

- In accordance with regulatory compliance, all tuition fees are generated on a 'per unit of study' basis. AFTRS defines a 'unit of study' as a subject.
- AFTRS determines that the standard full-time study load is 48 credit points for one year (or 24 credit points for one semester).
- All tuition fees are listed on the basis of a standard full-time or part-time study load equivalent to the study mode permitted in the course.
- The tuition fees are reviewed each year and you are liable for the additional tuition costs if the tuition fees rise during the course of your enrolment.
- Each subject is assigned a study period and census date.
- Financial penalties will apply to students who withdraw from their course after midnight on the relevant census date.
- An administrative fee of \$500 AUD will apply to any international student who withdraws from a course prior to a census date where a refund of fees paid is due (exemptions apply).
- For further information regarding fees, including applicable refunds, refer to the Fees Policy at: [aftrs.edu.au/students/current-students/student-policies-and-forms/](https://aftrs.edu.au/students/current-students/student-policies-and-forms/)

## Block-Based Study Periods

AFTRS uses a 'block' timetabling approach in the delivery of its subjects. This means that not all subjects are delivered throughout the entirety of the semester, but instead delivered in blocks.

For these subjects, a study period may occur over a period of weeks within the semester and an applicable census date will be applied accordingly.

Further information regarding the delivery of the subjects in your course will be supplied once you are enrolled and your personalised timetable is supplied to you.

## 2023 Standard Semesters

AFTRS higher education academic year consists of two semesters. The Bachelor of Arts Screen: Production operates on a staggered semester pattern that deviates from the Standard Semester structure. See next page for complete 2023 Academic Year.

	Start Date	End Date
Semester 1	Monday 27 February	Sunday 25 June
Semester 2	Monday 24 July	Sunday 19 November

## Student Type

A student's type determines the tuition fees that they pay as well as any potential restrictions on their mode of delivery and/or mode of study, based on Australian Government legislation. This is summarised in the table below.

Student type intakes are identified on the individual course pages in this document. There are no offshore intakes for award courses in 2023.
